FUNDRAISING

Koru

FUNDRAISING

What is a Koru? A Koru is a fern plant from New Zealand which symbolizes new life, growth, strength and peace. It represents renewal and hope for the future. This simple meaning parallels the beliefs of Koru Fundraising.

What is Koru Fundraising? Koru Fundraising is committed to offering socially responsible products. All products are one or more of the following; novel solutions, healthy, fair trade, planet friendly, organic and non-toxic. We test every product to ensure that it is safe for your family and of the highest quality. With 100% of companies based in North America, you know you're supporting companies and communities close to home.

Visit www.korufundraising.com to learn more about who we are and the stories behind our products.

Koru goes one step further than selling products that make a difference by donating 1% of sales to selected organizations as part of our One Percent For The Planet pledge.
